

TOGETHER FOSTERING ACHIEVEMENT

Year 11 Remote Learning for Self-Isolating Students

Please find below details of how to access work for students who are self-isolating. Heads of Department have either:

1. Provided links to relevant Oak National Academy lessons. These links include video lessons and associated resources which have been carefully selected to align with the curriculum in school. Students should complete the summary quiz and other lesson activities and upload evidence of this onto ShowMyHomeWork e.g. A screenshot.

OR

2. Loaded work onto ShowMyHomeWork – these will show up as ‘classwork’ tasks and will include details of any work that needs to be submitted. This may include narrated Powerpoints and other work that students will need to work through. Again, this work has been carefully designed to align with what is currently being taught within school.

Should you have any questions then please either ask your child to add a comment within ShowMyHomeWork (which their class teacher will be able to read and respond to) or send an email to admin@theforestacademy.co.uk

Your child should follow their exact timetable for the days that they are self-isolating (this can be found on ShowMyHomeWork and an example is shown below). This will provide structure to their day, and ensures that they are covering the same work as those students in the class. For the [example timetable shown below](#), if a student was self-isolating on Wednesday 21st October, then they would need to complete work for [English, Science, Maths, Art and PE](#).
